

Product Specification Report

1.0/75430005/0725

Liquid drain unblocker for sinks and pipes.

ALKALINE DRAIN OPENER

Professional alkaline drain unblocker

FEATURES:

Effective	Dissolves organic and plant-based substances.
Heavier than water	Goes straight to the blockage.
Immediate action	Works as soon as it comes into contact with water. Unblocks drains in record time thanks to its powerful heating effect.
Preventive action	Can also be used preventively to avoid blockages.

APPLICATIONS:

Suitable for use wherever blocked or encrusted drains may occur; toilets, grease traps, showers, washbasins, sinks, drain traps, etc., in hospitals, care centres, schools, hotels, motels, restaurants, industry, housing associations, apartment buildings, sports centres, swimming pools, saunas, plumbers, contractors, municipal institutions, and more.

INSTRUCTIONS FOR USE:

Take appropriate precautions to protect eyes, face, and hands. Pour half the bottle into the drain. Allow to work for 10-15 minutes and then rinse with cold water. Avoid contact with enamel and surfaces sensitive to alkaline substances. Never mix with other unblockers.

SPECIFICATIONS:

Type..... liquid unblocker
 Odour..... odourless
 Colour pale yellow
 pH 1 % >11,5
 Density at 20 °C..... ± 1,4 g/cm³

PRECAUTIONS FOR USE:

Wear protective gloves and face protection. Exercise caution with inorganic materials such as plastic, glass, iron, etc. Do not use in combination with other unblockers. Consult the product safety data sheet and product label before use.

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
